# OUR DOCS ROCK! PHYSICIAN APPRECIATION WEEK

Presented by: The **MIRROR**

First-year medical students descended on the Midland/Penetanguishene area last week as part of the Southern Georgian Bay Family Physician Recruitment Program's award-winning RURAL MEDICINE WEEK. Pictured (from left to right) enjoying watersports on Penetanguishene Bay are Queen's students Kira Gangbar, Michael Kim, Steven Tresierra, and Martika Rodgers. In the back are Northern Ontario School of Medicine students Nadia Omri and Pascale King. On the dock is the University of Ottawa's (and Victoria Harbour native) Taylor Crown, and Queen's students Helena Kim, Gray Moonen, Andrew Kwan, and Jeffrey Mah.
